

United 2004 HARVEST GOLD

Lift Station Maintainer

**Control Grease and Odors in Busy Lift Stations
with the First EARTH SMART® Solvents**

United 2004 Floats on Water!

- Significantly softens and reduces grease cap.
- Controls odors.
- Will not affect natural bacterial action.

- **Contains No Hazardous Components**
- **Very Low Volatile Organic Compounds**
- **Ranked Zero or One in All HMIS Categories**

Created From Refined Vegetable Oils...

An agriculturally produced, renewable resource from the Heartland!

High Solvency...rips through tough grease, oil and grime.

Safe to use on most hard surfaces, including stainless steel, aluminum, rubber, glass, vinyl, plastic and most painted surfaces. Will not etch, pit, fade, discolor or attack most surfaces.

Very Low Odor. Can be used in close quarters without overwhelming smells or odors.

Very High Flash Point greatly reduces flammability concerns.

Totally Safe! Non-toxic formula: Non-acid, Non-caustic, Non-chlorinated... Contains No Petroleum Distillates. Contains no CFCs or HCFCs.

Readily Biodegradable.
