PETRO-EATER

Hydrocarbon & Petrochemical Remover

PETRO-EATER organically degrades hydrocarbons and petrochemicals found in water, sand and soils. Proprietary blend of bacteria targets and controls these items, preventing pollution from moving further down the drainage stream.

PETRO-EATER:

- Earth Smart® Certified
- Bio-based
- VOC-free
- pH Range of 5 to 7

Perfect for use in wash pits and trenches at:

- Car Washes
- Fleet Maintenance Garages
- Bus Garages
- Tank and Truck Wash Facilities

Effective for reducing levels of:

- Fuel Oil in Water, Sand or Soil
- BTEX Compounds (Ethyl Benzene, Xylene)
- Numerous Organic Solvents
- Organic Carbon
- Nitrates
- All Petrochemicals

Packaged in United's 6-gallon deltangular containers, this product is perfect for use with the pre-programmed United A600 Clear Drain Dosing System which automatically feeds product into the drains at timed intervals.

When supplied as part of a Clear Drain Easy Ship Discount Savings Program, you save even more time and money as your United Sales Representative will maintain the system for you.
