PEPPERMINT POWER

Deodorizing Blocks

Tired of cherry scented deodorizing blocks?

Looking for an alternative to "para" blocks?

PEPPERMINT POWER Deodorizing Blocks are specially formulated with **Fresh Air™ Technology**. Each block cleans and deodorizes with a fresh fragrance that provides the aromatherapy benefits of peppermint oil.

Surface odors are neutralized, while the continuous release action works to prevent recurring odors.

PEPPERMINT POWER Deodorizing Blocks:

- Contain special cleaning agents to remove embedded odors.
- Clean and leave fresh peppermint fragrance.
- Provide aromatherapy benefits of peppermint.
- Non-para formulation is compliant in all States.
- Bio-based and biodegradable.
- Earth Smart® Certified to be safer in use and safer for the environment.

For use, simply hang one block for approximately 30 days of service depending water flow. Each block measures 2.5" in diameter and weighs approximately 1.8 pounds.

Don't let smelly sewer lines leave a negative impression with the people who get to smell them. Instead, leave these people feeling positively refreshed when you use **PEPPERMINT POWER Deodorizing Blocks**.
