

Safety Data Sheet

Issue Date: 13-Jan-2016

Revision Date: 12-Sept-2023

Version 3

1. PRODUCT AND COMPANY IDENTIFICATION

Product Identifier

Product Name United 415 POLYMERGE

Other means of identification

SDS # UNITED-415

Recommended use of the chemical and restrictions on use

Recommended Use Polymer and Spill Encapsulate

Uses Advised Against For industrial or institutional use only.

Details of the supplier of the safety data sheet

Supplier Address

United Laboratories, Inc.
320 37th Avenue
St. Charles, IL 60174
www.unitedlabsinc.com
www.unitedlabsinc.ca

Emergency Telephone Number

Company Phone Number 800-323-2594 (to reorder)
Emergency Telephone (24 hr) INFOTRAC 1-800-535-5053 (North America)
1-352-323-3500 (International)

2. HAZARDS IDENTIFICATION

Appearance Tan crystals

Physical State Solid

Odor Musty

Classification

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

3. COMPOSITION/INFORMATION ON INGREDIENTS

This product is not hazardous according to OSHA 29 CFR 1910.1200. Components not listed are not hazardous or are below reportable limits.

Based on limited evidence, crystalline silica is classified by IARC in Group 2A, "probably carcinogenic to humans". Crystalline silica, including quartz, is present in many mineral products. In addition, respirable quartz in this product is well below the OSHA permissible exposure limit (PEL) and the ACGIH Threshold Limit Value (TLV), 0.1mg/m³, therefore this material is considered non-hazardous.

4. FIRST-AID MEASURES

First Aid Measures

Eye Contact

Flush with plenty of water for at least 15 minutes while keeping the eyelids wide open. If irritation persists, seek medical attention.

Skin Contact

Wash with soap and water. No other known needed for normal use.

Inhalation	Remove to fresh air. No hazard in normal use.
Ingestion	No hazard in normal use. If used material is ingested, get medical attention due to possibility of chemical contamination.

Most important symptoms and effects

Symptoms	May cause slight eye irritation. Skin contact not applicable. Ingestion and inhalation not hazardous in normal use.
-----------------	---

Indication of any immediate medical attention and special treatment needed

Notes to Physician	Treat symptomatically. No immediate medical attention is required.
---------------------------	--

5. FIRE-FIGHTING MEASURES**Suitable Extinguishing Media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Unused product is not combustible.

Unsuitable Extinguishing Media Not determined.

Specific Hazards Arising from the Chemical

None known.

Hazardous Combustion Products None known.

Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES**Personal precautions, protective equipment and emergency procedures**

Personal Precautions	No special equipment is generally required for spill clean-up. For dusty conditions, an approved respiratory may be needed. Refer to Section 8 for additional information.
-----------------------------	--

Methods and material for containment and cleaning up

Methods for Containment Prevent further leakage or spillage if safe to do so.

Methods for Clean-Up Small spills: Vacuum or sweep up.
Large spills: Ventilate area; vacuum or sweep up.

7. HANDLING AND STORAGE**Precautions for safe handling**

Advice on Safe Handling	Avoid breathing dust. Avoid contact with eyes, skin, and clothing. Wash thoroughly with soap and water after use. If clothing becomes dusty, launder before re-use.
--------------------------------	---

Conditions for safe storage, including any incompatibilities

Storage Conditions	Store in a cool, dry place and properly labeled. Keep away from turpentine, hydrofluoric acid, vegetable oil, and other unsaturated organic compounds (such as fish oil), as this may generate heat and/or fire.
---------------------------	--

Incompatible Materials

Under uncommonly dry conditions, temperature build up may occur with certain solvents and vegetable oils. Do not use with hydrofluoric acid.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Guidelines

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

**OSHA Hazardous Components
(29 CFR 1910.1200)**

Exposure Limits 8 hours TWA (ppm)
OSHA PEL – None ACGIH TLV – None

Appropriate engineering controls**Engineering Controls**

General ventilation is adequate for normal use. If handling produces airborne dust, local exhaust ventilation may be needed.

Individual protection measures, such as personal protective equipment**Eye/Face Protection**

Safety glasses or goggles, if needed, to prevent eye contact.

Skin and Body Protection

Normally not required.

Respiratory Protection

None required for normal use. For operations where the dust concentration may be excessive, a dust respirator may be used. Follow OSHA regulations in the selection and use of respiratory protection.

General Hygiene Considerations Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES

Information on basic physical and chemical properties

Physical State	Solid Crystals
Appearance	Tan crystals
Color	Tan
Odor	Musty

<u>Property</u>	<u>Values</u>	<u>Remarks • Method</u>
pH	Not determined	
Melting Point/Freezing Point	Not determined	
Boiling Point/Boiling Range	Not determined	
Flash Point	None	
Evaporation Rate	Not determined	
Flammability (Solid, Gas)	Not determined	
Upper Flammability Limits	None	
Lower Flammability Limit	None	
Vapor Pressure	Not available	
Vapor Density	Not available	
Specific Gravity	38-39 lbs/ft ³	
Water Solubility	Negligible	
Relative Density	2.3-2.37	
Partition Coefficient	Not determined	
Auto-ignition Temperature	Not determined	
Decomposition Temperature	Not determined	
Kinematic Viscosity	Not determined	
Dynamic Viscosity	Not determined	
Explosive Properties	Not determined	

Oxidizing Properties	Not determined
VOC Content	None

10. STABILITY AND REACTIVITY

Reactivity

Not reactive under normal conditions.

Chemical Stability

Stable under recommended storage conditions.

Possibility of Hazardous Reactions

None under normal processing.

Conditions to Avoid

None known.

Incompatible Materials

Under uncommonly dry conditions temperature build up may occur with certain solvents and vegetable oils. Do not use with hydrofluoric acid.

Hazardous Decomposition Products

None known.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information

Eye Contact	Contact may cause mechanical, abrasive irritation with possible injury.
Skin Contact	No known hazard.
Inhalation	Dust may cause irritation to eyes, nose, throat and respiratory tract, with prolonged exposure.
Ingestion	No known hazard.

Component Information

Information on physical, chemical and toxicological effects

Symptoms	Please see section 4 of this SDS for symptoms.
-----------------	--

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Carcinogenicity	This product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC or NTP. Inhalation of excessive concentrations of any dust, including this material, may lead to lung irritation and/or injury.
------------------------	--

Numerical measures of toxicity

Not determined.

12. ECOLOGICAL INFORMATION

Ecotoxicity

Not determined.

Persistence/Degradability

Non-degradable.

Bioaccumulation

Not bioaccumulative.

Mobility

Not determined.

Other Adverse Effects

Not determined.

13. DISPOSAL CONSIDERATIONS**Waste Treatment Methods****Disposal of Wastes**

Disposal should be in accordance with applicable regional, national and local laws and regulations. Unused material may be subject to regulation, depending on the nature of the material absorbed. Check with appropriate regulatory authority for used material containing hazardous waste.

Contaminated Packaging

Disposal should be in accordance with applicable regional, national and local laws and regulations.

14. TRANSPORT INFORMATION**DOT**

Not regulated.

IATA

Not regulated.

IMDG

Not regulated.

15. REGULATORY INFORMATION**International Inventories**

No information available.

TSCA

All components of this product are listed.

US Federal Regulations**SARA 313**

Not determined.

US State Regulations**California Proposition 65**

This product does not contain a chemical known to the State of California to cause cancer, birth defects or other reproductive harm.

U.S. State Right-to-Know Regulations

Not determined.

16. OTHER INFORMATION**NFPA****Health Hazards**

Not determined

Flammability

Not determined

Instability

Not determined

Special Hazards

Not determined

HMIS**Health Hazards**

0

Flammability

0

Physical Hazards
