

# UNITED LABORATORIES

## TECHNICAL DATA SHEET

# UNITED 181 SMART SOLVE®

## Universal Degreaser

See the AMAZING CLEANING POWER of **SMART SOLVE®** pictured below – highlighting **United 181 SMART SOLVE®** sprayed on a retired 3-Phase Electric Motor. With less than one minute contact time and a slight rubbing with the finger, this customer saw dramatic results. Photos were submitted by a customer who had this to say, “I have not seen ANYTHING SAFE/GREEN that cleaned as well as **SMART SOLVE®** since I used to be able to use the hazardous solvent Methyl Ethyl Ketone (MEK).”

CLOSE UP

**Test Surface:** Old/Retired Electric Motor left outdoors for many years. When in operation, the motor ran 3-4 months non-stop at a temperature of 140°F.

**Soil Type:** Baked on grease, oil, food, and grime build-up.
